Tips & Suggestions

- Create your account by clicking [here](#) or check that all your kids and students are added to your Touchpoint profile.
- If you are registering two or more children for one camp, be sure to click “Add Person” instead of “Finish”—this will prevent separate transactions.
- We recommend having a second credit card on hand, in the event your credit card forces you to wait 15 minutes or more between transactions.
- For technical or account issues, email [Linda Caron](#) prior to and during registration.
- Know your child’s weight for overnight camp medication questions.
- Invite a friend—send them these details before registration opens.
- We try our best to honor at least one friend request for overnight camps. Have ready the first and last name of your child’s friend.
