Escape Room Details:
The escape room will be an awesome way to meet some new couples and compete against friends as we all compete head to head to complete the same digital puzzle room. Groups will be built to foster new relationships so please take the time to get to know one another as you compete! While the game will work on a tablet or smart phone it is best to use a computer.

> **Zoom:** A large part of the escape room will take place on Zoom. Please be sure to have your Zoom account set up and ready to use. **Please be sure your zoom name fits your actual name rather than a nickname** this will be important for team placement. Click Here to join the Zoom room at 8:25pm 2/20. If you are prompted (you shouldn't have to) use the passcode 807550

> **Program Testing:** To test the escape room compatibility prior to the event, click this link using a computer on your network - then enter your name and click Play. Let us know if you do experience any issues.
