

Weekly Update

May 5, 2021

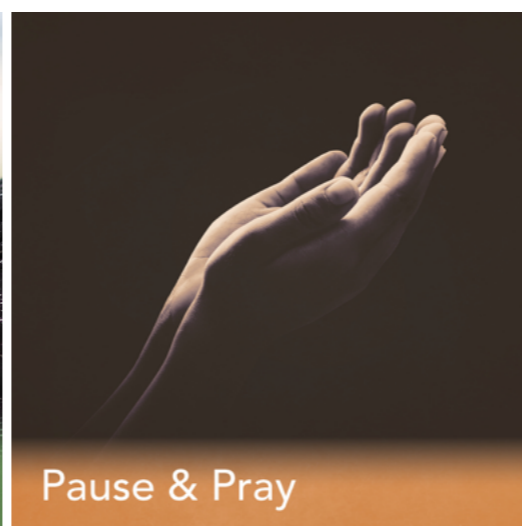

One of the primary ways God changes the world for the better is through the radiant influence of disciple-making churches. Christ Church invests in individuals and ministries serious about evangelistic witness, discipleship, and church-planting. As part of our weeklong celebration for **Mission Fest 2021**, we are highlighting select mission partners to give you an idea of the reach your support is having on sharing God's love with the world. **Project Video**, our global mission partner based in Thailand, trains and equips believers in remote areas to create their own Christian videos and audio Bibles. To learn about other partners and next steps, subscribe [here](#) to our videos and podcast.
